WILL SHE EVER DARN SOCKS?

THE INDIGNATION OF A YOUNG MAN HATER.

In a Great Debate on the Relative Happiness of Married and Single Life, the Marriage States Wins.

Recently two young professional men of the city went calling on some lady friends, and as an especial privilege and mark of honor they were taken to a debate of the young ladies of a literary society of one of the schools of the city. The question up for the night was, "Resolved, that the bachelor girl is happier than her married sister." The debate waxed warm for a long while and was finally decided in favor of the married sister. The young men by hook or by crook, came off with a copy of one of the young ladies' speeches, which is given below.

"Wedlock, indeed, hath oft compared been, To public feasts, where meet a public rout, Where they that are without would fain go in, And they that are within would fain go out."

Feeling that this is a most momentous question, especially to young women, we ask for your undivided attention that you may make your decision a wise one and so never have cause to regret it.

It is true that married life has its joys but the sorrows outweigh the joys by far.

Often we hear some young woman say that she thought she would be supremely happy as the wife of a certain man of her acquaintance but she found out just in time that it was only friendly regard which she had mistaken for love. But too late, more often, she finds out that she doesn't love him and she must spend her life in dreary unhappiness.

Single life knows nothing of the divorce while the married woman may suffer intensely from the disgrace and publicity of the divorce courts.

When a woman is unmarried she is, or may be, independent. For what woman cannot support herself comfortably in this progressive age, independent in all respects? You say that a woman needs a husband to protect her and help her over the rough places in life. If a woman is single the rough places are so few that she, by the help of her friends, may easily pass over them.

Now which is the most conducive of strength, to be bodily carried over trouble by your husband as if you were a tiny infant or to walk over on your own resources?

And then sometimes the poor husband is a little too weak to bear his burden, and he not only falls into the mire of trouble himself but carries you with him.

Many single people think that married people are happier than they are, but the married people don't say so. You hear them say that their school days were their happiest and people are generally single when they go to school, therefore, the single state must be happier than matrimony.

It is very nice to have your husband help you, say nice things to you and tell you how he loves you every few hours; but this is the question: Does he keep this up? No he does not. After a man has been married a short while, he virtually says to his wife, "Well, now you must take all the cares and sweet words I have given you heretofore for granted, for you know I have to make the living and am too busy to waste time that way."

At first when the tired wife receives her husband at the door and instead of the expected kiss, he asks if dinner is ready, her eyes fill with tears and

the sensitive mouth quivers but she says nothing and by and by she gets used to being treated that way and wishes herself well out of the state which formerly she thought so beautiful.

It must be very unpleasant for the wife to know that if she should die, in a short time another would fill her place and she would be forgotten entirely. This is the case nine times out of ten. Some men go so far as to get married four times. I once heard a man say that he had addressed four women and married three of them. True, the Bible says that it is not good for man to live alone, but if you search it over and over you won't find a place which says that it is not good for woman to live alone. And Paul advises all widows and single women to remain as they are.

In ancient times in the East single people were highly honored and were called the favorites of the gods.

We think it hard enough to leave home and study hard to get an education, but this is a small matter when compared to leaving home forever and darning socks and cooking and all those disagreeable things. You ask, why can't a girl visit her home after she is married? Well, she can, but it is never the same and she feels that she hasn't as much right there as before.

When a girl gets married she can't run to mother with every little worry and get her sweet sympathy. She does have her husband but what does he know about sympathy and soothing a lady's feelings? The man who knows how to say the right word in the right place are few and far between. They look upon woman as weakminded and childish and think a new bonnet or anything pretty should blot out all their trials, comfort and please them. But we women know better than that. Men never have understood women, don't now, and never will. Although some of them are so conceited as to think they do.

What young woman present will say that she is dependant upon any man for happiness?

Was it Suicide?

Mr. Henry Marley, who returned yesterday from Ramsauer, reports a peculiar case. As the train approached a small bridge near Franklinsville, a dead horse was seen suspended from the bridge, hanging by one foot. The passengers, of course, discussed the question of how the horse had gotten into such a position. Some thought that he had gone on the bridge purposely for the purpose of jumping off and had gotten caught accidentally, while others thought that he must have tried to cross the bridge at night, got his foot caught, and in an effort to extricate himself, tumbled over the side of the rail.

To Bottle Schlitz Beer.

Mr. William Tallman is having a cold storage room built in his bottling establishment on Fayetteville street, and will handle the product of the Schlitz Brewing Company, of Milwaukee.

Mr. Tallman will not only bottle this beer, but will handle their export also. His cold storage will be of sufficient size to hold one and one-half cars of beer.

This will not interfere with his soda bottling plant, which will go on as heretofore.

Concert by Home Talent.

There will be given in the Academy of Music the last of this month, a concert, rendered by eight of the leading female voices in the city. It will be for the benefit of the organ fund of West Market church. The music will be under the direction of Dr. John H. Wheeler, which fact in itself is a guarantee of its excellence.

Mr. W. B. Forbis, of McLeansville, has accepted a position with the Harry Belk Bro's Company.

TO ENLARGE PUBLIC BUILDING.

SENATOR PRICHARD TRYING TO GET \$75,000 FOR GREENSBORO.

Offers an Amendment to the Sundry Civil Bill—The Plans for Enlarging the Building More than One Half, Already Approved.

Yesterday, Senator Prichard offered an amendment to the Sundry Civil appropriation bill appropriating \$75,000 for the enlargement of the government building in Greensboro.

The urgent need for an enlarged building has been felt for years, and grand jury after grand jury has recommended it. So much has this need been felt that, in 1898, a government architect, Mr. John H. Deyereux, of Charleston, was sent here to draw the plans. The plans were proffered and approved by both the district and Circuit Judge at the time, and are now on file, so that if Senator Prichard succeeds in getting the appropriation these plans will be used.

When improved, the building will be more than twice its present size. The addition will consist of a 42 foot wing facing East Market street and occupying the lot between the present building and that of the Southern Loan and Trust Company. The wing will be the full depth of the present building. The new building will be three full stories high and another story will be added to the old one to bring it up.

The first story will be utilized largely by the post office, but will contain offices for the internal revenue force, the District Attorney and the grand jury. The second will be the court room principally in the new part, leaving the Clerk's and Marshall's office much as they are. On this floor will also be the Judge's room and other necessary ones. The third floor will be devoted to records.

The prospects for the appropriation are very bright. The Telegram understands that Senator Prichard has been waiting some time for an opportune time to press the matter.

Services Tomorrow.

St. Andrew's Church, Episcopal—No services. Sunday school at 9:45 a. m. Vestry meets at 11. Ladies' Aid Society meets on Monday afternoon at the home of Mr. Rich, on Arlington street, corner Lee.

Sunday school at Grace Methodist Protestant church at 9:45, preaching by the pastor at 11, young people's meeting at 6:45, Francis Willard Memorial meeting at 7:30.

Westminster church—Sunday school at 9:45 a. m., preaching at 11 a. m. by the pastor. Westminster League at 7 p. m. You are most cordially invited to attend these services.

Services at Friends Church at 11 o'clock and at 7:30. Mrs. Annie Mendenhall will preach at 11 o'clock.

St. Benedict's—High mass and sermon 10:30 a. m., text, "He shall be delivered to the Gentiles and shall be mocked and scourged and spit upon." Luke 18:32. Sunday School and benediction of the blessed sacrament at 5 p. m. All are welcome.

Rev. Dr. L. W. Crawford will preach, at eleven o'clock, beginning tomorrow and continuing till Easter, a series of special sermons on the last four weeks of Christ's life, at Spring Garden Street church. All are invited to attend.

Dr. A. A. Marshall, of Raleigh, will preach in the West Washington Street Baptist church tomorrow.

The pastor will preach at the First Presbyterian as usual. The night service will begin at eight o'clock, the hour at which all night services will hereafter be held. Immediately after the morning service the session will meet for the reception of new members.

Telegraphic Briefs Today.

A telegram from Madrid says that a mob attacked the convents there this morning, and a pitched battle ensued between the populace and the soldiers, in which four persons were killed and 120 wounded.

President Matthews of the Wayman Cotton Mills and cashier of the Merchants and Farmer's bank of Thomas, Tenn., another officer of the mill have been arrested charged with having misappropriated 330 bales of cotton.

A big fire in New Haven, Conn., this morning seriously crippled the street railway system.

Relief crews worked all night to rescue the sixty men in the Union Mine near Victoria, B. C. Little hope is felt that the men are yet alive.

A telegram from London says that Richard Crocker openly declares that he will never re-enter active political life in America.

Social.

On Thursday night Miss Frances O'Brien entertained the Progressive Euchre Club. Mrs. Carter won the ladies' prize, which was a pretty cut glass, heart shaped, salve jar. Judge W. P. Bynum won the gentleman's prize, a heart shaped stick pin. Miss Small won the consolation prize and Mrs. B. C. Sharpe the booby.

On Thursday afternoon Miss Mabel Hill entertained the Bachelor Girls. Mrs. Lindau and Miss Pearl Balsley out for the prize, and the latter won it. It was a pretty picture of the Countess of Potocha.

Yesterday Mrs. Nellie Miller entertained a few friends at a progressive hearts party. The prize was a pretty silver mounted paper knife, and was awarded to Mrs. W. P. Bynum. Mrs. E. A. Holt received the booby.

The Social Card Club met this afternoon with Mrs. M. L. Shields.

The Patriarchs' Ball.

The most delightful dance of the season was the Patriarchs' Ball given last night at the McAdoo House. Dancing began at 9:30 and lasted till 1:30, with an intermission at 12 for refreshments. The program consisted of the quadrille, lancers and Virginia reel, alternating with two step and waltzes. This pleasing variety gave all an opportunity to thoroughly enjoy the evening.

The delightful lunch was excellently served under Manager Perkins' personal supervision.

After the last strains of music had ceased Dr. Scott called for three cheers for "Bishop" Howlett and it is needless to say they were given with a ready good will. To Mr. Howlett is unanimously conceded the credit of the success of this most pleasant function and the hearty appreciation of his friends for the pleasure he gave them.

To Make Pressed Brick.

Mention was recently made in The Telegram that Mr. W. G. Jennings would shortly establish a brick yard in this city. This week Mr. Jennings closed a deal whereby he becomes the owner of several acres of what is known as the Benbow farm, about one mile east of the city. This property is directly on the North Carolina division of the Southern railway, and a short switch will immediately be put in. Work preparatory to the erection of necessary buildings will be begun Monday.

The style of the firm will be W. G. Jennings & Son, and they will make a specialty of fine pressed brick. The clay has been tested and gives good results. It will make brick of buff color.

This will be the only yard in this section making pressed brick.

Committee Next Tuesday.

The sub-committee of the legislative committee on education will arrive in Greensboro next Tuesday to visit the State Normal and Industrial College. The committee will be given an entertainment Tuesday evening. The public is also invited.

HASN'T REACHED A VOTE YET.

LEGISLATURE MAKES A THIRD DAY OF IMPEACHMENT.

Spoke till 2:30 and Adjourned Till 4 Again.—Bills to Give Insane Asylums All They Ask for Reported Favorably. Special Dispatch to The Telegram.

Raleigh, Feb. 16.—Another day has been passed by the House in discussing the impeachment resolution. Serious efforts were made to bring the resolution to a vote by one o'clock today, but they failed ingloriously. The debate began this morning at ten minutes before ten and continued till 2:45, when an adjournment was taken till 4 o'clock.

Those who spoke in favor of impeachment today were: Whitaker, of Forsyth, Curtis, Robinson, of Anson, Bialock, Stewart and Jenkins.

Those who spoke in opposition were: Yorbrough, who spoke with great ability and force; Patterson, Whitaker, of Guilford, Benbow and Ebbs. Sheet, Republican, eulogized Judge Furches.

A bill was introduced in the House to incorporate the Atlantic and Northwestern Railroad.

In the Senate the anti-cigarette bill passed second reading with an amendment allowing parents and guardians to sue as they can in liquor cases.

Much of the session was devoted to the divorce bill, but no vote was reached. It was made the special order for next Wednesday.

Bills were formally reported giving the insane asylum all the regular appropriations and all the special ones which they asked for.

Temperance Service.

The churches of South Greensboro will unite in a union temperance service Sunday evening at Grace M. P. church. An interesting program, consisting of exercises by the Loyal Temperance Legion, the Young Woman's Christian Temperance Union, and an address on the Liquor Traffic a Hindrance to Foreign Missions, by Rev. T. M. Johnson, will be rendered.

It will be a Willard Memorial Service, and an offering will be taken for the promotion of the temperance cause at home and abroad.

The service will begin at 7:30 o'clock p. m.

Mr. Whitaker's Bill.

Raleigh Times. The bill of Mr. Whitaker, of Forsyth, providing for compulsory attendance on the public schools, is one of the best bills introduced at this session, and probably the best that can be done at the present time. It provides for local option in the matter, and on that account may prove ineffective. The communities that really need compulsory attendance are those that have not enough intelligence to send their children to school, and that certainly would not vote for a compulsory law. What is the use of improving the public school system if we cannot increase the attendance. Those who are now attending the public schools are doing comparatively well. It will take a compulsory law to make the worthless parents send their children to school. We feel confident that enlightened public sentiment will support the Legislature in the passage of a compulsory act. The Greensboro Telegram, Charlotte News, Asheville Citizen, and many other leading newspapers of the State are in favor of a compulsory law. And they represent their readers. A child has a right to an education, and his parents should be compelled to give it to him.

Mighty Hunters.

A crowd of much big hunters went to the forests yesterday, chasing the long eared cotton tails. And they brought 'em down, too. Twenty-nine rabbit skins hung from their belts as they returned to town. The party consisted of Messrs. J. M. and J. L. Hendrix, Lee G. Wharton, S. L. Alderman, S. A. Kerr and A. M. Scales.

W. C. T. U. DEPARTMENT.

[CONDUCTED BY THE LOCAL UNION.]

The power of the saloon in modern politics is a fact that cannot be too deeply deplored by the Christian citizens of our country. As is well known, the saloon is thoroughly non-partisan. Whichever party is in power, the saloon is in too. When will this deplorable condition cease? Not until the public conscience has become so awakened to the enormity of the drink curse that with one accord the liquor traffic is forever abolished. It is not too optimistic to believe that if the Lord delay his coming, the legalized saloon will be only a memory a half century hence. Some day society will remember this terrible stigma upon our civilization as an awful dream—an evil that is marvelous to have so long endured. To make possible such a realization what is the present duty of all benevolent souls? The work of every one who names the name of Christ? Is it not to agitate, to educate, to legislate, to pray, for the advancement of the principles of total abstinence? Every one can do one or more of these. The training of children in the home, in the public school, in the Sunday school, in the children's temperance societies is one of the most certain means by which we may hope for public sentiment ever to reach the point of banishing the saloon from our land. In the mean time much may be done to forward the cause of temperance. The necessity of special temperance societies, both of men and of women, is as great as ever. The need of the cooperation of the church the proclamation of the gospel of temperance from the sacred desk, the emphasizing of total abstinence in our Young People's Societies continues imperative. Specific temperance work can never be justly remanded with the Christian activities of the past until King Alcohol has been dethroned. It is true that strong drink is not the only evil to be annihilated, but since the roots of this deadly evil trend backward and downward entangling with the roots of all other great evils the wise course is to right as soon as possible the greatest wrong. The Anti-Saloon League, the Woman's Christian temperance Union, and other temperance organizations need the hearty support of all good men and women. The abolition of legalized rum selling would mean fewer criminals and paupers, less ignorance, fuller churches, and more Christians. One of the chief reasons of the indifference to the gospel message today, is that the men-

tal and spiritual prescriptions of many have been dulled by strong drink, either directly or through inheritance. May the conscience of Christian voters and those in authority become so aroused and quickened that they may believe the sacred record when it says "woe unto him that buildeth a town with blood and establisheth a city with iniquity!"

Two Surprises at Blowing Rock

Charlotte Observer.
"You don't have to go to New York to see mountains of snow and hills of ice," said a resident of Blowing Rock, who came to Charlotte yesterday to get thawed out. "Just come up to the Rock. Last week we had one of the worst snow storms on record. In was a surprise even to the oldest citizens. Some of the Charlotte owners of summer residences ought to have had their shacks photographed. The picture would look refreshing in the summer time. Only the roofs of some houses showed up out of the drifts."

"The surprise of the natives at the severity of this snow storm was exceeded by another event—the turning on of the electric lights in the new house of Mr. Moses Cone. This house is second only to Vanderbilt's palace, at Biltmore, and the effect of the illumination on the snow-clad surroundings was something really grand. The electric light plant is modern in all respects. It is doubtful if there is a finer private plant in the country. Blowing Rock people will always remember the night the lights were turned on at Moses Cone's."

SOME SYMPTOMS

Do you have head ache? Eye ache? Do your eyes water? Do they pain you? Does print run together? Do things appear double or mixed? Do you see black or floating spots? Do you have dimness of vision? Are your eyes inflamed? Consult DR. MOORE and save your sight.

WINE OF CARDUI

THE LINK THAT BINDS.

JACKSON, TENN., NOV. 28.

I was subject to miscarriage for three years, and suffered constantly with backache. I wrote to you for advice, and after using three bottles of Wine of Cardui, according to your directions, I am strong and well, and the mother of a fine girl baby.

Mrs. E. N. JOWERS.

Wine of Cardui

There is no use talking—a baby in the house is the link that binds husband and wife together. Nothing is sadder than fruitless wedlock. The prattling and cooing of the little ones offset a thousand times the occasional worries and trials of life. When a wife is barren, there is a derangement somewhere in the genital organs, caused by one or more of those common disorders known as "female troubles". Wine of Cardui is the remedy. It puts the organs of generation in a strong and healthy condition, fitting the wife for the sacred duty of reproducing her kind. During the period of gestation the entire system of the expectant mother is built up to withstand the ordeal of labor, and when the little one makes its advent it is lusty and strong, well-fitted to grow to maturity in perfect health. The mother, too, passes through the trial with little pain and no dread. Wine of Cardui is truly a wonderful medicine for women.

Large Bottles for \$1.00 at Druggists.

WINE OF CARDUI

STREET CORNER
OBSERVATIONS.

"I see," said a round-town citizen this morning, "that Manager Schloss is thinking of getting Sol Smith Russell to open the Opera House. I suggest that on the opening night when he gives his 'house warming' that he give a free entertainment. This would make him popular with the theatre goers, and start the new house off with the proper eclat. Please put that down for Mr. Schloss' consideration."

"I can't endure this Ar-kan-saw pronunciation of Arkansas," said an old gentleman at the postoffice as he was preparing to send a last week's copy of the Greensboro Patriot to his son "out there." "If you say Ark-an-saw I don't see why you shouldn't say Kan-saw for Kansas, and with all their freak doings, the people of that State have never called it by that name."

A position which paid between \$30 and \$40 weekly has been sacrificed in Greensboro this year because a man who had it could not control his appetite for drink. The curse of the habit seems to be a Cain-like mark upon the race. None of the men who have delved and peered and worked and wrestled from nature her secrets and applied their knowledge to make these secrets minister to man's welfare, has done more in recent years than he who made it possible for a besotted man to regain his lost estate and look the world in the face without shame.

"The verdict of a jury," remarked a court house frequenter, "in a railroad suit for damages, depends much upon the time at which it is tried. I have known several cases to be won right in succession against railroads, in many of which there were no grounds for damage. Then public sentiment

would begin to feel the injustice of it and turn the other way. So violent would be the turn that men who had just claims could not win a case and the railroads would, in turn, win everything. Public opinion influences everything, nothing is free from it."

Speaking of railroad suits serves to call to mind some of the fantastic questions sometimes asked of jurymen when the lawyers are selecting a jury to try a case against a railroad. Such a case was up a few days ago. Every conceivable question had been asked for the purpose of finding if any jurymen had a favorable feeling toward the railroads. Some of them were: "Are you employed by a railroad? Have you any relatives employed by the railroad? Have you ever worked for a railroad?" etc. After every question that might be thought of was asked there yet remained one which had not been suggested. Perhaps it had not occurred to the attorney that the looks of the jury made such a question applicable. It was "Are any of you railroad owners?" No one thought to ask such a question till one old gentleman slowly arose in his seat and said, "Judge, I own one North Carolina railroad bond, does that make any difference?" The attorney decided that the old gentleman was not likely to be unduly influenced by his railroad holdings, and so allowed him to remain.

"I want something for this here cough," said a countryman as he walked up to a clerk in Gardner's drug store this morning. "I've had it nigh on to seven year, and I've tried a good many things. Some of 'em helped me and some didn't. Spirits done it more good than anything else, but I'll just tell you they are too high. I can't afford to buy lickor to drown this cough. I'll have to take some of

these here cheap patent medicine, which always never fails. It takes too much spirits."

"Sermons in stone"—Change that to "sermons in stores" and here you have one. "I am eighty-four years old," said a hale looking old gentleman from the country as he sat on a stove waiting for a clerk to wrap up an article which he had bought. "This pretty weather," spoke up a bystander, "makes one feel as if he would like to live always." "Well, he kin live always. All he's got to do is to live right while he's here, and he's shore to, ain't he."

EDITOR'S AWFUL PLIGHT.

F. M. Higgins, editor Seneca, (Ills.) News, was afflicted for years with piles that no doctor or remedy helped until he tried Bucklen's Arnica Salve. He writes two boxes wholly cured him. It's the surest Pile cure on earth and the best salve in the world. Cure guaranteed. Only 25 cents. Sold by C. E. Holton, druggist.

Blue Ribbon lemon and vanilla extracts are a little higher in price but—!

Sexine Pills

For years this remedy has been the standard nerve restorative. Thousands of happy men owe their newly found strength to its use.

Sexine Pills replace weakness and exhaustion with strength and vigor; the brain becomes clear; the nerves steady and calm; gloomy forebodings are banished and perfect vitality is fully restored.

If you are suffering as above, try a box; you'll be encouraged by its effect to take the full course of six boxes—then if you are not entirely cured, we will refund your money. This satisfactory offer is one of the factors of our success.

\$1.00 per box; 6 boxes (with guarantee to cure or money back), \$5.00, mailed in plain packages. Book free. PEAL MEDICINE CO., Cleveland, Ohio.

R. F. BEASLEY, Editor and Manager

SATURDAY, FEBRUARY 16.

THE MOST IMPORTANT.

The Good Roads Club now has a committee at work on drafting a bill to be presented to the Legislature to be passed by that body, which will allow Guilford county to vote on the question of issuing \$300,000 road improvement bonds. Of course our representatives will see that this bill will go through. It having done so, the question will be before the people in proper shape.

This is a very important matter, as it is quite useless for us to say. No movement could mean more for the county. A campaign should be started as soon as the bill has been passed which will thoroughly put the matter before the people in its real light.

Road improvement progresses as population and civilization do. The time has come in North Carolina when the next great forward step in internal improvement shall be the building of ample public highways radiating into the country from the various county seats. The towns of the State have been benefitted by the railroads, the rural districts must next be improved by sufficient dirt roads. The plan upon which this work has been begun contemplates that the counties shall each do its own work, and this is the only way in which it may be done. Guilford should be among the leaders.

The New York Sun says it is authorized to state that the plans for the machinery of wireless telegraphy to signal across the ocean have been completed and a site for the plant selected by Nikola Tesla, and that the project will at once be actively begun. It is estimated that the time required to perfect the apparatus will be about eight months. And, may we ask, what are our afternoon contemporaries who take special cable dispatches to do when the cable is thus put out of use?

SATURDAY NIGHT.

Written for The Telegram.

Another Saturday night has reared its hoary head above the rapidly receding waves of time; another six days of toil and thought have past away, leaving many a scar upon the soul, which death alone can blot out. Another phase of life has been developed and registered by Destiny's records. What is the record? Let us, tonight, as we sit at our cheerful fireside, ask the question—have we kept the golden rule—the life and essence of religion—by doing unto others as we would that they should do unto us? If not, if we have failed to exercise that blessed principle of charity, we are as sounding brass and tinkling cymbals. What is our Christianity when devoid of love, what our friendship if not based on this God-given principle? Naught but filthy rags—a stench in the nostrils of Deity, and He says: We are none of His. What a soul chilling anathema.

"Ye are my friends if ye do whatsoever I command you." Have we sought out the poor, afflicted, despised (by the Word) brother, who, by misfortune has been brought to want, have we sought out the poor, deluded and degraded drunkard, taken him kindly by the hand, and pointed to Heaven's high throne and bid him come forth from the slums of the devil and be a man again? Have we gone to the abode of suffering and want, where squallid degradation holds high carnival, and poured into the hearts of the worse than widows and orphans, the balm of God's blessed promises?

Have we kindly reminded the poor creature that prides himself on his stock of profanity, that God holds us every one—responsible for every idle, meaningless word we utter? If we have done this, our retrospective thoughts this quiet, peaceful evening, will be a reward, for at least, in part, doing our duty.

Time is fleeting, only a span from the cradle to the grave. A few days of childhood and manhood, then old age comes on, and life's candle begins to grow dim, our steps are few and measured. A few more days, and we close our eyes in life's last slumber. Then, if we can listen to these words—"I was hungry and ye fed me; I was naked and ye clothed me; I was in prison and ye visited me; now in as much as ye did it unto one of these little (poor, humble and afflicted) ones, ye did it unto me." Then, we can joyfully and peacefully close our dim, weary eyes in our last sleep, on life's last Saturday Night.

THOMAS J. JOHNSON.

Mr. Newton Accepts.

Rev. W. C. Newton has accepted the call as pastor of the First Baptist church here. He will come March 1st, if a suitable house can be obtained. Mr. Newton spent yesterday in the city and returned to Goldsboro at noon today.

Exchanged Hats.

At the funeral of Mrs. M. G. Newell, last Monday, some one through mistake took the Rev. C. E. Hodgkin's hat. Mr. Hodgkin has the hat that was left in place of his and would be glad to make the exchange.

UNCLE SAM'S DISPLAY.

Government Exhibit at the Pan-American Exposition.

The United States government has appropriated \$500,000 for an exhibit at the Pan-American Exposition at Buffalo next summer. To view the magnificent buildings and their multitude of treasures alone would be well worth going a long distance. They are much more beautiful than those of the government group at the Columbian Exposition, while the space for exhibition purposes is but little less than was oc-

QUADRIGA FOR UNITED STATES GOVERNMENT BUILDING.

cupied there. The display to be made by the department of agriculture will be of great value and interest to those concerned in the agricultural, horticultural and live stock industries, comprehending as it will all their varied features. The workings of the different bureaus of the department of state will be illustrated by means of blanks, sample letters, circular letters, etc., and much can be learned by the people of the manner of intercourse between the United States and other nations. The coining of money will be a feature of the exhibit by the treasury department. Here a coin press will be in operation, coining money at the rate of 90,000 coins per hour, each coin being struck with a force equal to the weight of 100 tons.

Collectors will be especially interested in the government's very complete collection of coins of all nations, a complete set of medals struck by the mint at Philadelphia and a complete series of currency issued by the government. Included in this exhibit will be a model of a lighthouse, fully equipped and in operation; a model of a quarantine station, models of marine hospital operating rooms and a model of a vessel constructed for deep sea sounding. Upon the shore of the Park Lake will be a life saving station, completely equipped with up to date apparatus, while the means employed in the saving of life on the sea will be daily illustrated by a captain and crew of two men with life and surf boats, with their apartments.

The exhibits of the war and navy departments will be the largest and most complete ever made at any exposition.

ELBERT L. LEWIS.

Housekeepers, fix this in your mind. Blue Ribbon lemon and vanilla extracts are the purest, best, most economical.

Notices of New Advertisements.

Economical women buy Blue Ribbon lemon and vanilla extracts, because one-half the quantity gives best results. Two sizes, 10 and 25 cents.

BUSINESS FOR SALE.

The well established Talking Machine and Camera business, of Moore Optical Company. Fine chance for a good man. Drs. Moore devote their entire time to eye work. Call or address Moore Optical Company, city.

They distance all competitors. Blue Ribbon lemon and vanilla extracts. Two sizes, 10 and 25 cents.

Don't imagine that all lemon and vanilla are alike, quite the contrary. Blue Ribbon has a deliciousness that you don't find in any other brand.

COLDS

The quickest relief, for a cold, is by Scott's emulsion of cod-liver oil.

We all have colds, you can try it and see. You will find the edge taken off in a night; and, in three or four days, you'll be wondering whether that cold amounted to anything anyhow.

That's relief. If you tackle it quick, the relief is quick and complete, if you wait till the cold is in full possession of head and lung, why, of course, the relief is quick if it comes in a week.

A little emulsion won't clear and restore your whole breathing-machine in a minute; don't be looking for miracles.

We'll send you a little to try, if you like. SCOTT & BOWNE, 409 Pearl street, New York.

CATARRH

Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

The blood is quickly contaminated by the foul secretions, and the poison through the general circulation is carried to all parts of the system. Salves, washes and sprays are unsatisfactory and disappointing, because they do not reach the seat of the trouble. S. S. S. does. It cleanses the blood of the poison and eliminates from the system all catarrhal secretions, and thus cures thoroughly and permanently the worst cases.

Mr. P. H. McAllister, of Harrodsburg, Ky., writes: "Having been a terrible sufferer from Catarrh, and being now sound and well, the question often put to me is, 'What cured you?' In answer I feel it my duty to state that Swift's Specific is the medicine. I am such a true believer in the efficacy of Swift's Specific that I can honestly and conscientiously recommend it to any one suffering from Catarrh. Have recommended it to many, and am happy to say that those whom I have induced to use it can bear me out in the statement that it will cure any case of Catarrh if taken according to directions."

SSS is the only purely vegetable blood purifier known, and the greatest of all blood medicines and tonics.

If you have Catarrh don't wait until it becomes deep-seated and chronic, but begin at once the use of S. S. S., and send for our book on blood and skin diseases, and write our physicians about your case. THE SWIFT SPECIFIC CO., ATCANTA, GA.

The claim of other cough medicines to be as good as Chamberlain's are effectually set at rest in the following testimonial of Mr. C. D. Glass, an employee of Bartlett & Dennis Co., Gardiner, Me. He says: 'I had kept adding to a cold and cough in the winter of 1897, trying every cough medicine I heard of without permanent help, until one day I was in the store of Mr. Houlehan and he advised me to try Chamberlain's Cough Remedy and offered to pay back my money if I was not cured. My lungs and bronchial tubes were very sore at this time, but I was completely cured by this remedy, and have since always turned to it when I got a cold, and soon find relief. I also recommend it to my friends and am glad to say it is the best of all cough medicines.' For sale by C. E. Holton.

GEORGETOWN UNIVERSITY

October 29, 1900.

Mr. John B. Wright, 212 S. Elm St., Greensboro, N. C.:

Dear Sir:—Your letter of the 11th inst., as to how the Emerson piano was liked at Georgetown, was referred to Prof. George Herbert Wells, choirmaster at Georgetown. Mr. Wells reports: "Among the pianos at Georgetown College is an Emerson upright. Its pure, agreeable tone, its easy, responsive action, and its general construction are worthy of commendation." Yours very truly,
L. J. CULLEN,
Secretary.

SOHMER PIANO.

ARTISTIC WORLD-RENOWNED PIANOS.....

At right prices are what I have for sale. Knabe, Sohmer and Emerson Pianos. Out of these make I can suit the musical people of North Carolina. I also have some medium grade pianos. For Thirty days I ask every human being who thinks of buying, exchanging or making any change in pianos to call—my prices will be the lowest ever known on high grade pianos. Don't listen to anyone, but come or write me. I am known by piano dealers as the closest-priced dealer in the South.

JOHN B. WRIGHT,
Greensboro, N. C.

The Hamner School of Science and Healing, High Point, North Carolina.

Magnetic Massage.

It is a settled fact that there is no therapeutic agent known that will combat and overcome Consumption as the Magnetic Massage will. A massage is the scientific working up of every muscle, ligament and fibre of the body. When disease, whether Consumption or any other, attacks your body there is no danger from it providing your system is in a natural, healthy condition and you care for it, nourish and protect, and exercise it as when in perfect health.

A working and stretching and expanding of the tissues and muscles is always necessary to a healthy condition and it is when you neglect these, and then abuse yourself by exposure, and so forth, in that you open the door to the ravages of such disease as may be seeking for admission to your system. If disease has already gained admission then it is that a scientific massage will begin to repel it and restore you to your original condition. That a person may give massage treatment effectually he or she must have a thorough knowledge of the anatomy of the body, otherwise they might do more harm than good. Magnetic massage is the giving of massage with the magnetic hand, that is with the hands magnetically heated. Professor MacKnight gives magnetic massage with his hands at a temperature of one hundred and ten degrees of magnetic heat. This is not a heating of the hands by the fire or by any artificial means, but a natural magnetic heat of one hundred and ten degrees. Let some person afflicted with consumption or any other trouble imagine how invigorating it would be to their cold clammy bodies to have instilled in them an healthy heat of one hundred and ten degrees. And if they are suffering with a fever heat of say one hundred and three, let an healthy magnetic heat of one hundred and ten be instilled into their system and their temperature will come to the normal point in short order. A perfectly natural heat of one hundred and ten will destroy an unnatural or fever heat of one hundred and two, three or even five degrees. This is common sense and if we use a little more of good common sense in the treatment of disease we would not suffer so much. The testimonials given in this paper of those who have suffered for years and taken loads of drugs and truck ought to satisfy any one. But in case it does not come and try our common sense treatment and see for yourself. We cure and that is all there is to it, and we do it without any drugs or artificial means. We use nature, and nature alone can cure disease.

The Hamner School of Science and Healing, High Point, N. C., will give any person fifty dollars for a case of stomach trouble that they can not cure in thirty days.

A Message from One Who Knows.

"I want to say to all of my friends as well as those who are strangers to me," said Mrs. Joseph R. Haden, of High Point, N. C., "that I have suffered with a general consumption of the entire body for five years, and have been under the continuous treatment of four different doctors of medicine during that time up to the first of the present year. About four weeks ago I heard of Professor MacKnight's wonderful cures and after talking it over with my husband concluded to try his treatment. It seemed strange to us that

he could cure disease without medicine, as we have always used medicine to cure disease. My doctors of medicine told me that they could not help me and there was no remedy for my ailments. I had constipation in the most malignant form and had suffered with it for five years. I could not eat because of the bad condition of my stomach, and a good night's rest I had not had for years. I had cold feet all the time and it seemed that fire would not relieve them. For the last two years I suffered with spinal trouble and severe headaches, and had a cough nearly all the time. I was reduced in flesh to nearly one hundred pounds, from one hundred and thirty, and could scarcely stay out of bed a whole day at a time. I also suffered with womb trouble and could not get relief. I have now closed the third week of treatment with Professor MacKnight of the Hamner School, at High Point, N. C., and am so much improved that I feel the best that I have felt for over four years. Up to the time that I began taking treatment of Professor MacKnight I was addicted to the use of snuff, and thought that I could not live without my snuff. For one week now I have not used snuff and I now hate it as bad as I loved it before I took Professor MacKnight's treatment. After the first treatment by Professor MacKnight, my bowels have been perfectly natural and this is the first time that has occurred in five years, I never got even temporary relief from the use of medicine. I was always worse after taking medicine. I wish I had nothing to do but go out and tell the poor sufferers that are being fooled as I was with the use of drugs, how easy it is to be cured without drugs, and at a very small expense, by professor MacKnight and his assistants at the Hamner School. I have now gained ten and one-half pounds and I feel better than I have for five years. I did not know that Professor MacKnight was treating me for the snuff habit until I began to dislike snuff, and then I wondered what was the matter. The Professor then told me, and since that time I have not used snuff in any form. I now hate it. I would advise all who are in anyway afflicted to take their treatment, as it is simply wonderful, and its results are grand."

There are more than twenty persons right here in High Point, who have been cured of filthy and bad habits by Professor MacKnight at the Hamner School, and any of them can be seen by simply asking.

Bad Habits Cured.

The greatest menace to society and the greatest curse to the young man of this age of progression is the acquirement of such habits as the morphine, tobacco, liquor cocaine, opium, and a host of other habits equally as obnoxious and damaging to the system as well as their propensity to detract one from social circles and business affairs.

These habits are easily cured, and one who is addicted to any one or more of them can be easily cured thereof. The Hamner School of Science and Healing of High Point, N. C., is the only institution that effects absolute cures of these habits and makes their cures permanent in this part of the country. Many people of High Point can and will cheerfully testify to the efficacy of their

treatment, and all join in saying that now after taking their treatment that they hate the drug they once loved and feel that the evil effects they once felt from it are all gone and they are fully restored to their natural self. Whole families have been cured by Professor Mac Knight in a very short space of time, and the cures made permanent.

A few of these patients who testify to the effect of this treatment will no doubt suffice to readers.

The Hamner School of High Point, North Carolina.

The Hamner School of High Point, N. C., is a college for the education of men and women in the science of Healing the sick without the use of medicine. The regular course consists of four special ones, any of which may be taken separately, or any two or more may be taken, or all may be taken making the regular course. The entire term consists of six months, and any one of the special terms consists of six weeks. The tuition fee is fifty dollars each for the special terms, or two hundred dollars for the general term and course.

The first term consists of Anatomy and Diagonosis. The second term consists of Psychology, and Mental Philosophy. The third term consists of Metaphysics, Hypnotism, Mesmerism, and Massage. And the fourth term consists of Personal Magnetism Proper, the Magnetic Control of others, and Practice. All students are furnished employment in the work of their profession as soon as graduated. All our students are competent to cure disease without medicine, and we assure them success, providing they take the entire course, and we will guarantee that they can do everything that we can do, if they will only try. We have some graduates who are performing some of

(Continued on Page 8.)

A FRIGHTFUL BLUNDER.

Will often cause a horrible burn, scald, cut or bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain and promptly heal it. Cures old sores, fever sores, ulcers, boils, felons, corns, all skin eruptions. Best pile cure on earth. Only 25 cents a box. Cure guaranteed. Sold by C. E. Holton.

AN ANCIENT BELIEF.

The ancients believed that rheumatism was the work of a demon within a man. Any one who has had an attack of static or inflammatory rheumatism will agree that the affliction is demoniac enough to warrant the belief. It has never been claimed that Chamberlain's Pain Balm would cast out demons, but it will cure rheumatism, and hundreds bear testimony to the truth of this statement. One application relieves the pain, and this quick relief which it affords is alone worth many times its cost. For sale by C. E. Holton, Druggist.

RHEUMATISM—CATARRH—DISEASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments doctors, sprays, liniments, medicated air, blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure and so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Bs.

For sale by druggists and Howard Gardner, in Greensboro, at \$1 per large bottle, or 6 large bottles (full treatment) \$5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

THE APPETITE OF A GOAT.

Is evied by all poor dyspeptics whose stomach and liver are out of order. All such should know that Dr. King's New Life Pills, the wonderful stomach and liver remedy gives a splendid appetite, sound digestion and a regular bodily habit that insures perfect health and great energy. Only 25 cents at C. E. Holton's drug store.

The most soothing, healing and antiseptic application ever devised is DeWitt's Witch Hazel Salve. It relieves at once and cures: piles, sores, eczema and skin diseases. Beware of imitations. Howard Gardner.

A POWDER MILL EXPLOSION

Removes everything in sight; so do drastic mineral pills, but both are mighty dangerous. Don't dynamite the delicate machinery of your body with calomel, croton oil or aloes pills, when Dr. King's New Life Pills, which are gentle as a summer breeze, do the work perfectly. Cures headache, constipation. Only 25c. at C. E. Holton's drug store.

WE ARE STILL TALKING.

But our at cost prices are doing more for us than all the talk that we can do. Our blanket sale has warmed the people. It is absolutely comfortable just to look in our front show window and see our blanket display—then get inside our store and you will find all kinds of bargains in dress goods, underwear, rainy-day skirt goods, nice warm cassimeres and heavy all-wool skirts. You will also find our stock of silks unbroken, while we can show you a marvelous lot of styles in Ziegler Bros' shoes. We paid the freight, but you get these goods at actual cost. Johnson & Dorsett.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at C. E. Holton's drug

A powerful engine cannot be run with a weak boiler, and we can't keep up the strain of an active life with a weak stomach; neither can we stop the human machine to make repairs. If the stomach cannot digest enough food to keep the body strong, such a preparation as Kodol Dyspepsia Cure should be used. It digests what you eat and it simply can't help but do you good. Howard Gardner.

NO RIGHT TO UGLINESS

The woman who is lovely in face form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and run down, she will be nervous and irritable. If she has constipation or kidney trouble, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric bitters is the best medicine in the world to regulate stomach, liver and kidneys and to purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich complexion. It will make a good-looking, charming woman of a run-down invalid. Only 50 cents at C. E. Holton's drug store.

NORTH CAROLINA, Guilford County.

Mary H. Burks

Chas. L. Burks

Notice by Publication
It appearing to the satisfaction of the court by an affidavit that a summons has been issued in favor of the above named defendant to obtain a decree for dissolving the bonds of matrimony now existing between the said plaintiff and the said defendant, and it further appearing that the said defendant cannot, after due diligence, be found in the State of North Carolina.

It is now ordered that the defendant Charles L. Burks, take notice that an action entitled as above has been commenced in the Superior Court of the county of Guilford to obtain a decree dissolving the bonds of matrimony existing between the said plaintiff and the said defendant and will further take notice that he is required to appear at the next term of the Superior Court held for Guilford county at the court house in Greensboro on the 18th day of February, 1901, then and there to answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded.

This the 29th day of November, 1900.

There is No Use Waiting For Things That are Here - - !

This store is full and running over with all of the newest and latest designs that have been arriving for the past two weeks. Owing to a decline in the price of raw material entering into the construction of furniture, these new artistic designs can be had for much less money than you can purchase the old designs even at a reduction sale. The extra floor space now in use enables me to offer for your inspection the largest stock of fine furniture that has ever been shown on this market. Don't throw your money away on old goods when you can buy new for less.

HAMNER SCHOOL OF SCIENCE.

Continued from Page 6.)

the most wonderful cures that ever were known, and they astound the world. Our science is a perfectly natural one and any form of disease, chronic or otherwise, as well as habits are easily cured. Many students are simply astounded at their own work, and surprise their friends with their work. Our women students find a very profitable work and a pleasant one too in the treatment of diseases peculiar to women. All forms of female trouble cured in a very short space of time, and all our cures are permanent.

We can use several good students at a good salary now, as our work for the sick is now increased to such magnitude that we must have more help. We are the only college in this country that furnishes our graduates with profitable employment as soon as they are graduated. Some of our graduates are making a splendid salary working for themselves. A new class will be opened for the spring and as we have had so many applications for a night school that we have concluded to inaugurate a night class for the benefit of those who cannot attend in the day time, so as to give all the same chance. Board and rooms for both patients and students furnished on application, at very reasonable terms.

Address Hamner College, High Point, N. C.

PERSONAL MAGNETISM PROPER Or the Magnetic Control of Others.

A new book on an old subject, but containing new rules for the acquirement and development of that wonderful power in man, Personal Magnetism. There is no fact better known in scientific circles than that Personal Magnetism is the power that brings man or woman success in any undertaking in life. There are scores of books and magazines annually cast upon the market telling us of the wonderful powers of this mighty agent—Personal Magnetism and not one has ever been offered that tells us how to acquire this wonderful power.

Professor MacKnight, principal of the Hamner College, of High Point, N. C., and a recognized authority on occult science has just completed a neat little volume, containing one hundred and one rules covering every phase of this subject, and which is welcomed by every scientist in the world, has supplied the profession with a work that contains the gist of years of active experience in any phase of the acquirement and use of Personal Magnetism. The country is full of schools and professors who teach the use of this power, but no one has, or can tell us how to acquire and develop this great power.

This is just what Professor MacKnight's little book does. It is needed by every library, professor, teacher and student. The practical operator ought to be in possession of every rule laid down therein, as they are of daily use.

By the use of these rules a person may, although he or she may appear to be devoid of this power, acquire and use it to the greatest advantage. By the use of these rules one may acquire and use Personal Magnetism in an almost unlimited degree.

Some of the things that may be acquired and made use of by this little book are the following: It will make the poor lawyer a good one; by means thereof the lawyer wins his jury and convinces the court. It is the power by means of which the public speaker pleases and holds his audience. It is the power that makes the unpopular preacher popular, and by which he holds his congregation. It is the power that makes a poor salesman a good one. It is the power by which the successful teacher rules and controls his students without rule or rod. It is the power that makes one healthy and popular. It is the power of success and upon which every successful person depends, either consciously or unconsciously.

The first edition will not last long, and a second edition is demanded. The first edition has been selling for five dollars but the second will be sold for ten dollars. Order now and secure one of the first as there will be no deviation in price.

One of these in your hands and used means health, wealth and success. Address The Hamner College, High Point, N. C.
